

WINTER SOLSTICE GATHERING

for activation and visioning

Honoring the Winter Solstice means acknowledging the darkest day of the year and a time for contemplation, self reflection and going within. It is a time to honor the darkness outside and of our own darkness within. During the winter solstice we take time to see what gifts the darkness has for us, to reflect on our life and to embrace the mystery of our own shadows.

Date: December 2nd
Where: **NiaMoves**, 508 Pecore
Houston, TX. 77009
